### From the Principal's desk

Dear Parents and Caregivers,

What a challenging week we have had with this bout of extremely hot weather. The children have had many days where they have been unable to play at recess and lunch and have stayed inside in the air-conditioning. Unfortunately, we lost power to the school on several occasions yesterday which made conditions even more difficult. Many thanks go to our wonderful Staff who have 'soldiered on' with very little break times.

There was an article in the West Australian newspaper paper yesterday in which schools were identified as achieving great results in NAPLAN by region. Our school was recognised as one of the top performing schools in the Outback South Region (which is a huge region) and we were the only Primary School to be recognised. Please see the article reproduced in the Newsletter. We are very proud.

Ash Wednesday Mass was celebrated by Fr Jeffrey yesterday with the children from years 2-6 attending St Mary's Church. It was a very meaningful Mass with the children all receiving a sprinkle of ashes on their heads. The younger children from PP and Year One received their ashes from Fr Jeffrey at a Liturgy in the school Hall. We thank Mrs Sue Coyle and Mrs Sharon Pavlinovich for co-ordinating the Liturgical events.

An expression of interest form went home last week for children in years 3-5 to indicate if they are interested in joining the school choir. This is a great opportunity for children to develop their love of singing and represent the school. If your child was a member of the School Choir last year, they still need to renominate for this year and fill in the permission slip. Children need to return their slips to school this week. We are very fortunate to have the very talented Mr Lindsay Ginn as our choirmaster again this year.

Interested Catholic children in Years 4-6 also took home a form regarding Altar Server training. This form needs to be returned by Friday morning as we are hoping to start classes with Fr Jeffrey on Friday.

Photo Days have gone ahead quite smoothly, and the children all looked lovely in their Summer Uniforms. As always, the Photographers from MSP have commented on the beautiful manners of the St Mary's children.

Thank you to all the parents who are following the parking rules around the school. Please don't park on the kerbs and verges as it blocks vision, and the Ranger will issue you a fine.

Enjoy the promised cooler weather on the weekend,

God Bless,  
Elizabeth Browner

## MANDATE LETTER - NEW EVANGELISATION IN OUR SCHOOL

For new evangelisation, initiatory catechesis must be offered to young people in ways that draw out the Christian Promise. The 'nucleus of Christian experience', along with the most fundamental beliefs and the most basic evangelical values needed to enter into this experience, are preserved in the four pillars of faith that provide the structure of the Catechism of the Catholic Church: the Apostles' creed, the sacraments, the Life in Christ and the Lord's Prayer.

Yesterday was Ash Wednesday and many Christians received a cross of ashes on their foreheads. This powerful sign has been used by God's people for hundreds of years. The cross of ashes tells friends and neighbours that we know we are not perfect.

We sometimes break the law of God. We hurt other people. We act selfishly.

Today we tell God and each other that we are sorry. With the help of Jesus, we will try to become better during the forty days of Lent. The cross of ashes means all of these things. During Lent we try to pray more often, to listen to God's word with special care, and to become more generous and thoughtful towards each other at school, and in our families. Lent is a time when we remember those in need.

### GOSPEL

Listen to the words of the Holy Gospel according to Matthew 4: 1- 4

The Holy Spirit led Jesus into the desert, so that the devil could test him. After Jesus went without eating for forty days and nights, he was very hungry. Then the devil came to him and said, "If you are God's Son, tell these stones to turn to bread."

Jesus answered, "the Scriptures say: "No one can live only on food. People need every word that God has spoken."

The Gospel of the Lord.

### PRAYER

Merciful God,  
you called us forth from the dust of the earth,  
you claimed us for Christ in the waters of  
baptism. Look upon us as we enter these Forty  
Days bearing the mark of ashes.

Bless us on the desert of Lent  
to the font of rebirth.

May our fasting be hunger for justice;  
our alms, a making of peace,  
our prayer, the chant of humble  
and grateful hearts.

All that we do and pray is in the name of Jesus,  
for in his cross you proclaim your love now and  
forever.  
Amen

# Top of the class for bringing out the best in their students

New school ranking based on helping kids to beat the odds

EXCLUSIVE  
**BETHANY  
HIATT**

A public primary school in Perth's south where three-quarters of students come from a non-English speaking background has been named one of WA's best-performing schools based on national reading, writing and maths tests.

Caladenia Primary School in Canning Vale is among 20 schools in WA to be singled out for its NAPLAN achievements in a list compiled by the Australian Curriculum, Assessment and Reporting Authority.

From today, parents will be able to see how their child's school performed on NAPLAN tests held last year when the My School website is updated.

To coincide with the update, ACARA has identified "high-performing" primary and secondary schools in each State which are punching above their weight. The list — which excludes selective schools — is based on each school's performance in the past three years relative to their level of socio-educational advantage.

WA's list includes 14 public schools — five independent schools — of which four are Islamic colleges — and just one Catholic school.

ACARA also released a list of the top-three performing schools by area which highlight stellar performances by schools in city and country regions.

They include Narembeen District High School in the Wheatbelt, Broome North Primary School in "outback north", Geraldton's Nagle Catholic College in "outback south" and Christmas Island

District High School. About 1.2 million students in Years 3, 5, 7 and 9 were tested on their reading, numeracy, writing, spelling and grammar and punctuation in May last year, with parents receiving their children's individual reports in September.

The My School website colour codes each school's average NAPLAN results depending on how they performed when compared with students from similar backgrounds.

Green cells show that students at that school performed significantly above all other students across the nation with a similar level of socio-educational advantage.

Every school in Australia has a government-assigned index

of community socio-educational advantage — or ICSEA score — determined by parents' occupations, levels of education and the school's geographical location.

The top-20 list was based on the percentage of green cells highlighted for each school from 2019 to 2022.

ACARA chief executive David de Carvalho said the information on the My School website helped parents, schools and governments to understand schools' performance.

"It also provides teachers with important insights into school performance, supporting and driving improvements across the nation," he said.

Ted Nastasi, principal of Caladenia which the Education

Department named primary school of the year in 2019, said its teachers expected all students to achieve to the best of their abilities.

"Great results are the product of years of building a strong and nurturing school culture," he said.

About 77 per cent of the school's 900 students come from a non-English speaking background, with more than 60 languages spoken by its families.

The school has a strong music program and runs a "multi-age academic class" where students with extended learning capacities can work together.

"Our success is built on encouraging 'best practice' teaching and learning in all

classes by modifying and adapting explicit teaching principles," Mr Nastasi said.

"In 2023, 18 students from our Year 6 cohort were accepted into (academically selective) Perth Modern special programs, which is a phenomenal result."

Abdullah Khan, executive principal of Australian Islamic College which has campuses in Thornlie, Dianella and Kewdale, said he was "excited" to learn they had all made the list.

"It will increase the staff morale and students' commitment," he said.

Mr Khan said NAPLAN results had improved significantly since the schools began focusing on explicit instruction.

This is a portion of an article in the West Australian published Wednesday 22/2/2023.

It outlines the top three schools by area which have been identified by the Australian Curriculum Assessment and Reporting Authority as the top performing schools in NAPLAN.

I am very happy to announce that St Mary's Primary School Kalgoorlie was named one of the top performing schools in the Outback South region.

This is a huge region and the other two identified schools in our area are secondary schools in Geraldton. We are very proud to be the only Primary School in our region recognised for our results.

Well done to all the Staff and students at St Mary's Primary School. Your continuing hard work and dedication are reaping wonderful rewards. The acknowledgement is fabulous, but the real reward is knowing that we are doing everything we can to assist our children in reaching their full potential.

# SPLISH! SPALSH! SPLOSH!

During Week 3, the Year One and Two students participated in Water Fun Afternoons at the Oasis.

The students began the afternoon with some very exciting swimming races. Each student gave it their best shot and raced their little heart out! Afterwards, the students rotated through a number of water activity stations, learning new games and playing with different pool toys. The students had a wonderful time, and it was fantastic to see them demonstrate outstanding behaviour and a great enthusiasm for swimming!

A huge thankyou to the Year One and Two Staff, the Year Six Sport Ministry and Faction Captains, as well as all the parent helpers. The days could not have run so smoothly without you all!

# AUTHOR VISIT

## SHOW RESPECT

Last week, we were privileged enough to have Australian author/illustrator, Brenton McKenna, visit our school. Brenton visited students from Pre-Primary to Year 6 and showed them the process he follows when creating his illustrations for books and his comic strip in the West Australian newspaper. With the older students, he also shared the inspiration for his book series, *Ubby's Underdogs*. All students thoroughly enjoyed this experience and we can't wait to get Brenton's new book which will be released in April.

**PPP** is a more structured approach to behaviour management and goes over some strategies to use in the moment as well as planning ahead and boundary setting. It focuses more on dealing with the behaviours.

COSP is an attachment based program that focuses more on responding (not reacting!) to our children's needs in a firm but very kind and gentle way. It encourages us as parents to explore why we may feel uncomfortable with some of our children's behaviours or emotions and how we can catch ourselves to then respond in a different way.

# PARKING

*In order to keep our children as safe as possible and ease the parking congestion, can all parents please follow these parking guidelines.*

# *School Pick up lanes*

## *Front Lane*

- Queue at the front of the school through the gates to the kiss and go lane.
- Do not queue into Maritana St. Go around the block and try again.
- You cannot pick your children up at the front of the school. They must wait for you at the pick-up lane.
- Keep the line moving. Your children will be directed to your car.
- Do not park and leave your car in the pick-up lane.

## *Back Lane*

- First three children will be directed to your car and then everyone will move up.
- Remind children to go straight to the pick-up lane so as not to hold up the process.
- Do not park and leave your car in the pick-up lane

## *Mud map of Carpark.*

- Please note the No Parking along the front and back of the carpark to allow movement of cars.
- Note the entry and the one-way direction to travel to your parking space and then to travel to the exit.
- Use the walkway and gate near the sports shed. Keep children near you when walking to and from your car.
- Be patient, everyone will get used to using the carpark.
